Driving in Winter Weather

Take on Old Man Winter: Driving and Survival Guide

- ❄ Always **fasten seatbelts and properly secure children** in approved child safety seats.
- ❄ **NEVER pass snow plows or plow trains** – the untreated road is in front of them, the treated road is behind.
- ❄ **Turn on headlights** to see and be seen. Maryland law requires headlight use when windshield wipers are in operation.
- ❄ **Increase following Distance** from vehicles in front of you.
- ❄ **Slow down.** Speed limits are established for ideal weather conditions, not snow and ice. Four-wheel drive provides traction on snow, but not on ice.
- ❄ **Never abandon your vehicle.** If you get into trouble and need to stop the car, move as far off the roadway as possible. For assistance, dial #77 from your cell phone. Report abandoned vehicles as they can endanger motorists and slow winter operations.

**Call 511 - a free service for the
latest road conditions and
commute information;
or visit www.MD511.org**

Get Your Vehicle "Road Ready" for Winter

- ❄ **Check battery** for age and proper conditions to start vehicle on cold days.
- ❄ **Inspect belts and coolant hoses** for excessive wear, damage or leaks.
- ❄ **Make sure tires** have sufficient tread and are properly inflated.
- ❄ **Check headlights, tail lights and turn signals** to ensure proper operation.
- ❄ **Keep the gas tank full** to prevent gas line freezing.
- ❄ **Keep windshield wiper** reservoir full.

Remember to pack a survival kit that includes:

- ❄ A fully charged mobile phone.
- ❄ Jumper cables.
- ❄ Shovel and small bag of kitty litter or gravel for traction.
- ❄ Warm clothing and a blanket.
- ❄ Bottled water and snacks.
- ❄ Matches or lighter.
- ❄ A basic tool kit.
