

The Maryland State Highway Administration (SHA)

2015 Road Ready e-Brochure

Mid-Summer Update

(SHA Photo-MD 135 (Westernport Road) in Allegany County – in April 2015, a landslide forced MD 135 to one lane as SHA stabilized the mountainside with a technique called “Soil Nailing.”)

“Mr. Crab” the Lifeguard and the [Walk Smart Campaign](http://ocwalksmart.com) in Ocean City promotes pedestrian and bicycle safety.

Work Zone Safety

In addition to the major projects listed, you may also encounter mobile or short-term work zones. Always expect the unexpected, pay extra close attention and drive slowly through any work zone. Whether it's a tree trimming operation or a bridge project, be aware when orange is there: **Think Orange** (the color of construction equipment and signs), stay alert and slow down. Everyone is at risk.

Real-time travel information is available for free by using Maryland 511. Motorists should call 511, 1-855-GOMD511 or visit www.md511.org for current travel information. Sign up to personalize travel route information through MY511 on the website. Remember to use 511 safely – Maryland law prohibits hand-held mobile phone use and texting while driving. Citizens can also follow SHA on the social networks. Follow us on [Facebook](https://www.facebook.com/MD511) and [Twitter](https://twitter.com/MD511).

The Road Ready e-Brochure is updated twice annually. The next update will occur spring 2016.

Here is a quick tutorial on the features of e-Road Ready 2015
All projects are located within Maryland

e-Road Ready contains features that offer different scenic routes.
Additionally, projects are highlighted that are equipped with *Maryland SafeZones* Automated Speed Enforcement (ASE).

District One (Lower Eastern Shore)

Dorchester County

(SHA photo: MD 14 (Rhodesdale Eldorado Road) over Marshyhope Creek in Dorchester County.)

MD 14 (Rhodesdale Eldorado Road)

Limits: Marshyhope Creek to MD 313 (Sharptown Road)

City/Town: Eldorado

Work: Resurfacing

State Date: July 2015

Est. Comp.: December 2015 **On-schedule**

Eastbound US 50 (Ocean Gateway)

Limits: Linkwood Drive to near Old Ocean Gateway

City/Town: Linkwood

Work: Resurfacing

Start Date: Late Summer 2015

Est. Comp: Late-fall 2015 On-schedule

Work will begin after Labor Day

~~MD 331 (Shiloh Church Hurlock Road)~~

~~Limits: MD 14 (Railroad Avenue) to Skeet Club Road~~

~~City/Town: Hurlock~~

~~Work: Resurfacing~~

~~Start Date: Spring 2015~~

~~Est. Comp: Mid-summer 2015 **Project completed**~~

Wicomico County

Sunset over the Wicomico River as seen from the MD 991 (Mill Street) Drawbridge

Westbound US 50 (Ocean Gateway)

Limits: Old Railroad Road to Wallertown Road

City/Town: Mardela Springs

Work: Resurfacing

Start Date: Spring 2015

Est. Comp: Summer 2015 **New project/On-schedule**

US 13 Business (Salisbury Boulevard)

Limits: Isabella Street and Church Street to London Avenue

City/Town: Salisbury

Work: Drainage improvements (Phase 2)

Start Date: May 2012

Est. Comp: Fall 2015 **Project delayed (Spring 2016)**

US 13 Business (Salisbury Boulevard)

Limits: South Boulevard to College Avenue

City/Town: Salisbury

Work: Drainage improvements (Phase 5)

Start Date: Spring 2014

Est. Comp: Summer 2015 **On -schedule**

US 13 Business (Salisbury Boulevard)

Limits: US 50 (Ocean Gateway) to South Boulevard

City/Town: Salisbury

Work: Drainage improvements (Phase 6)

Start Date: Summer 2015

Est. Comp: Summer 2017 **On-schedule**

US 13 Business (Salisbury Boulevard)

Limits: At Division Street

City/Town: Fruitland

Work: Construction of left turn lanes

Start Date: Spring 2015

Est. Comp: **Fall 2015** **On-schedule**

US 50 (Ocean Gateway)

Limits: ~~MD 347 (Quantico Road) to Rockawalkin Road~~

City/Town: ~~Hebron~~

Work: ~~Resurfacing~~

Start Date: ~~Spring 2015~~

Est. Comp: ~~Summer 2015~~ **Project completed**

MD 349 Nanticoke Road)

Limits: Bridge over Dennis Creek (near Royal Oak Road)

City/Town: Quantico

Work: Culvert replacement

Start Date: Fall 2015

Est. Comp: **Fall 2015**

This will be a total weekend closure in mid-November.

Worcester County

(SHA Photo: New ADA Compliant Sidewalk Adjacent to MD 818 (Main Street) in Historic Berlin-June 2015)

US 13 (Ocean Highway)

Limits: Bridges over the Pocomoke River at the Somerset County Line

City/Town: Pocomoke City

Work: Bridge rehabilitation

Start Date: Spring 2014

Est. Comp: Fall 2015 **On-schedule**

Southbound US 13 (Ocean Highway)

Limits: MD 366 (Stockton Road) to the Virginia State line

City/Town: Stockton

Work: Resurfacing

Start Date: Summer 2015

Est. Comp: Mid-fall 2015 **New project/On-schedule**

MD 12 (Snow Hill Road)

Limits: MD 366 (George's Island Landing Road) to the Virginia State line

City/Town: Snow Hill

Work: Resurfacing

Start Date: Summer 2015

Est. Comp: Mid-fall 2015 **New project/On-schedule**

MD 12 (North Washington Street)

Limits: US 113 Business to Nassawango Creek

City/Town: Snow Hill

Work: Resurfacing

Start Date: Summer 2015

Est. Comp: Mid-fall 2015 **New project/On-schedule**

Northbound US 113 (Worcester Highway)

Limits: MD 90 (Ocean City Expressway) to the Delaware State line

City/Town: Berlin/Bishopville

Work: Resurfacing

Start Date: Summer 2015

Est. Comp: Mid-fall 2015 **New project/On-schedule**

US 113 (Worcester Highway)

Limits: North of Massey Branch to Five Mile Branch Road

City/Town: Snow Hill

Work: Highway widening

Start Date: Spring 2015

Est. Comp: Fall 2017 **On-schedule**

US 113 (Worcester Highway)

Limits: At MD 12 (Snow Hill Road) and MD 365 (Public Landing Road)

City/Town: Snow Hill

Work: Traffic signal installation (at MD 12) and J-turn installation (at MD 365)

Start Date: Spring 2015

Est. Comp: Summer 2015 **Project completed**

Somerset County

(SHA Photo: Completed Traffic Circle (Roundabout) on MD 675 (UMES Boulevard) Near the /University of Maryland Eastern Shore in Princess Anne, Maryland

Northbound US 13 (Ocean Highway)

Limits: Old Costen Pocomoke Road to Costen Road north

City/Town: Pocomoke City

Work: Resurfacing

Start Date: Summer 2015

Est. Comp: Fall 2015 **New project/On-schedule**

Southbound US 13 (Ocean Highway)

Limits: MD 640 (Revells Neck Road) to MD 673 (Sam Barnes Road)

City/Town: Westover

Work: Resurfacing

Start Date: Summer 2015

Est. Comp: Fall 2015 **New project/On-schedule**

MD 529 (Loretto Road)

~~Limits: MD 675 (Somerset Avenue) to US 13 (Ocean Highway)~~

~~City/Town: Princess Anne~~

~~Work: Resurfacing~~

~~Start Date: Spring 2015~~

[Star Spangled Banner](#)

Before You Go, Make Sure Your Vehicle is *ROAD READY*

Tires – Visually check all tires to ensure there is no obvious damage. Check tire pressure before hitting the roadway. Tire treads should have deep grooves. To check, insert a penny into the groove with Lincoln's head facing down. The tire should reach the top of Lincoln's head.

Battery – Batteries don't last forever. If your battery is getting old, a vacation in hot weather is the worst time to find out if there is not enough battery power remaining. If your battery is more than four years old, it may be beneficial to purchase a new one.

Belts – Check the main serpentine belt of your vehicle for signs of damage or excessive wear.

Brakes – Inspect vehicle braking systems, and listen for any noise while driving that might indicate a warning that brake pads are worn.

Hoses – Visually inspect cooling hoses through the engine compartment. Look for weak spots or any drip of coolant flowing from the connection to the radiator. Feel the hose to make sure it is firm and not spongy.

Headlights – Test your low and high beams. Also check brake lights and turn signals to ensure proper operation.

Timing Belt or Chain – Be sure to read the owner's manual for your vehicle to determine when a timing belt or chain should be replaced. If it's getting close to replacement time, it may be a good idea to have it done before hitting the highway.

Fluids – Make sure your vehicle coolant level is at its appropriate levels. A lower reading in the reservoir may indicate a slow leak. Power steering and brake fluid reservoirs should also be at appropriate levels. Above all, make sure motor oil is the correct grade as recommended by the vehicle manufacturer and it is clean and at the correct level.

Gas – Make sure that you have a full tank of gas before longer trips.

Oxygen Sensor – This is a leading cause for "Check Engine" lights to come on. The O2 sensor helps ensure the most dynamic operation of an engine.

A ROAD READY Vehicle Can Save Green

Get the junk out of your trunk: Removing extra items from a vehicle saves gas. Every 100 pounds in a vehicle can reduce miles per gallon by up to two percent.

Keep tires properly inflated: Keeping your tires properly inflated translates into a free tank of gas a year and reduces CO2 emissions too. You can also consider purchasing fuel-efficient tires.

Change your oil: Improve your fuel economy by one-to-two percent by using the manufacturer's recommended grade of motor oil.

Replace your air filter: According to the US Department of Energy, replacing a clogged air filter can increase your mileage by 10 percent.

Tighten your fuel cap: Tightening gas caps can save as much as 30 gallons of gasoline which could be lost annually to evaporation.

Reduce aerodynamic drag: Removing luggage racks, roof-top carriers, and ski racks when they are not needed cuts down on drag so the motor does not have to work as hard.

Travel at off-peak times: Leaving during off-peak hours can help reduce time sitting in traffic, which will limit vehicle idling time saving gas and cleaning the air.

Cruise control: Using cruise control will improve fuel economy by seven percent.

Consistent Speed: Rapid acceleration, speeding and hard braking reduces miles per gallon by up to 33 percent at highway speeds.

Speeding: Slow down. Every mile per hour over 60 MPH costs an average of 24 cents per gallon.

For real-time information of Chesapeake Bay Bridge conditions, call 1-877-BAY-SPAN

Important Laws in Maryland to Remember

(Click on name of law for link for more information)

Move Over Law

Maryland law requires drivers approaching a stopped emergency vehicle including tow trucks on a highway to slow down and safely change lanes away from the emergency vehicle. This should only be done if another lane in the same direction is available and the move can be made safely without impeding other traffic. Best practice is to move over for workers and disabled motorists as well.

Seat Belts

Buckle up – all seats, all ages. As of October 1, 2013 – everyone in all seating positions (even the backseat) must wear a seat belt or be placed in an appropriate child safety seat. Children under the age of 16 must be secured in a seat belt or child safety seat. Visit mdkiss.org or call 1.800.370.SEAT (7328).

Cell Phone Use/ Texting and the Dangers of Distracted Driving

Distractions can be deadly - concentrate on driving! Hand-held mobile phone use and texting are illegal in Maryland. As of October 1, 2013, hand cell phone use is a primary offense, and drivers can be cited for hand-held cell phone use alone.

Everyone share the road – everyone gets home

Stop for pedestrians in crosswalks and intersections. Share the road with bicyclists and give three feet of passing space. Save a life – look twice for motorcyclists. And be alert for the “No-Zone” - blind spots around large commercial trucks.

Always drive sober

Maryland police strictly enforce drunk and drugged driving laws. In Maryland, you can be arrested for DUI with a Blood Alcohol Concentration (BAC) of .08 or DWI with a BAC of .07.

Call 911 for emergencies and #77 for disabled vehicles or assistance.

Resource Page

Maryland 511

Maryland now features FREE 511 traveler information! Call 511 or 1-855-GOMD511 or visit: www.md511.org for current travel information. Sign up to personalize travel route information through MY511 on the website. Remember to use 511 safely - Maryland law restricts hand-held mobile phone use and texting while driving.

Maryland Safe Zones

The goal of the *SafeZones* program is to reduce the speed of vehicles in advance of and through work zones to prevent crashes and injuries and save lives – the lives of highway workers and travelers. In four out of five work zone crashes, motorists and passengers, not highway workers, are injured or killed. Please partner with us in building safer Maryland roads – please drive safely and obey the posted speed limit in construction work zones.

CHART (Coordinated Highway Action Response Team)

CHART is a joint effort of the Maryland Department of Transportation, Maryland Transportation Authority and the Maryland State Police, in cooperation with other federal, state and local agencies. CHART's mission is to improve "real-time" operations of Maryland's highway system through teamwork and technology.

I-95 Corridor Coalition

The I-95 Corridor Coalition is an alliance of transportation agencies, toll authorities, and related organizations, including public safety, from Maine to Florida, with affiliate members in Canada. The Coalition provides a forum for key decision and policy makers to address transportation management and operations issues of common interest.

I-81 Corridor Coalition

The I-81 Corridor Coalition is a collaborative group of stakeholders that highlight safety, freight management, technical and environmental advances along the I-81 corridor through New York, Pennsylvania, Maryland, Virginia and Tennessee. The Coalition provides a forum for key decision and policy makers to address transportation management and operations issues of common interest.

American Association of State Highway and Transportation Officials (AASHTO)

The American Association of State Highway and Transportation Officials (AASHTO) is the voice for transportation and a catalyst for organizational and technical excellence. AASHTO advocates for transportation-related policies and provides technical services to support states in their efforts to efficiently and safely move people and goods.

American Traffic Safety Service Association (ATSSA)

ATSSA represents the road safety, traffic safety, and highway safety industry with effective legislative advocacy, traffic control safety training, and a far-reaching member partnership. Let's move toward zero deaths on our nation's roads.

Maryland State Police

The Maryland State Police is the model of a responsive, coordinated, composite statewide police department; independent yet supportive of allied law enforcement agencies. It is committed to the utmost professionalism in delivering all-encompassing police services focused on traffic safety, homeland security, crime reduction and criminal apprehension. It continually strives to develop the skills of its members and to efficiently and effectively manage our resources as they carry out their public responsibilities.

Maryland Scenic Byways

Take the roads less traveled - including byways featuring nationally significant themes: the Star-Spangled Banner, Harriet Tubman Underground Railroad, Religious Freedom, Chesapeake Country, Charles Street, Historic National Road and the Catoctin Mountain National Scenic Byways. Maryland's 19 designated byways encompass 2,487 miles of beautiful roads and offer a taste of Maryland's scenic beauty, history and culture.

Keep America Beautiful

Keep America Beautiful follows a practical approach that unites citizens, businesses and government to find solutions that advance core issues of [preventing litter](#), [reducing waste](#), and [beautifying communities](#).
