Active Fill Soils (Borrow) Sourcing, sampling and testing

To avoid delays – start the sourcing process **30 days** prior to expected placement

- Source submission (3 days)
- Sampling (7 Days)
 - Field team schedules sampling based on SOS submitted to MMS
 - SATD **will not** test material that has not been brought in by SATD Field QA team
- Testing (10 Days)
- Reports –Reports go out same day as results are final.
- Reports are sent to PE (via email) and uploaded into the SOS (in MMS)

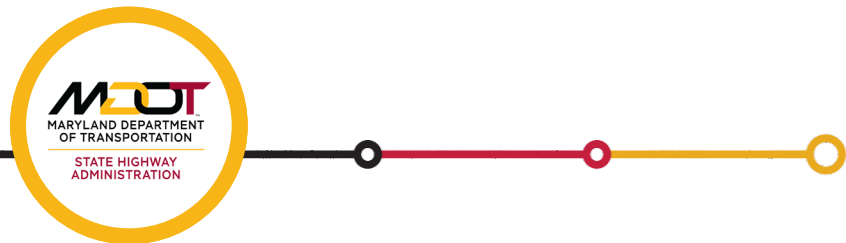

Radiation Dosimeter Badge Program

- **Requesting a New Badge**

- Email your request to **NGTC@mdot.maryland.gov**
- Upload your **NDG certificates** (Annual Safety and US DOT HAZMAT) to **Cornerstone**
- Complete the assigned **“Nuclear Badge Responsibility Statements”** course in Cornerstone

- **Note:**

- New badges are issued at the **start of each quarter**
- Orders may be placed **up to 45 days in advance**
- NDG certificates must be obtained **from an external vendor**
- **Cornerstone does not provide NDG classes**

Radiation Dosimeter Badge Program – cont.

- **Maintaining Your Badge**

- Upload **updated NDG certificates** to Cornerstone before current ones expire
- Send a **confirmation email** to NGTC@mdot.maryland.gov

Important: Participants who do not renew and upload certificates on time will be **automatically removed** from the badge program.

All of the presented information and more will be provided on project Pre-Earthwork meetings or on demand.
